Welcome Message

Welcome to ISCO – the International School of Clinical Oncology, where a diverse community of oncology professionals comes together to share knowledge and experience. Over the course of the congress, colleagues, faculty members, and experts engage in meaningful discussions, exchange insights, and explore the latest developments in oncology. ISCO brings together leading speakers from across the globe, creating a platform for valuable dialogue, practical learning, and professional collaboration. Through the sessions, workshops, and interactions, participants have the opportunity to enrich their clinical practice, broaden their perspectives, and strengthen connections within the oncology community. We hope you find this experience both insightful and rewarding, contributing to your continuous professional growth and to improved patient care.
