Oncology Practices  
Management:  
Updates  
& Advancements

## Welcome Message

It is with great pleasure that we welcome you to the International School of Clinical Oncology (ISCO) Conference which will be virtually held on June 3<sup>rd</sup> - 4<sup>th</sup>, 2021, in Cairo, Egypt.

A one of a kind virtual conference, with the theme of "Oncology Practices: Management Updates and Advancements," which will include all Oncology-related topics.

Our presenters and attendees come from a wide array of academia, clinics, private and government-sponsored laboratories, as well as industries from across the globe. Numerous scientific presentations, workshops, as well as poster exhibitions will be presented during this 2-day virtual conference, covering a variety of interesting advancements in the field of Oncology such as; Breast Cancer; Lung Cancer; GIT cancer; and much more topics.

We all but guarantee an especially unique experience for the attendees of our virtual conference, we hope you enjoy it and look forward to receiving your feedback, and having you participate in future events.

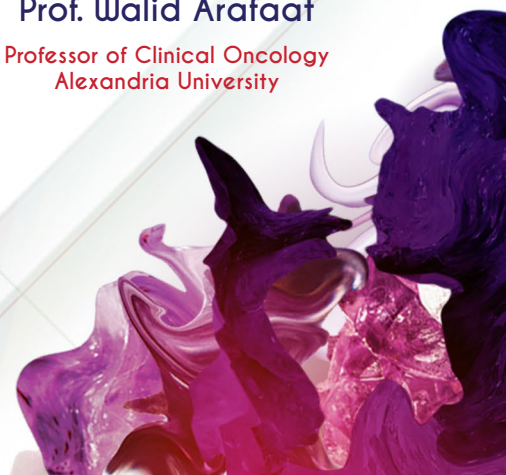

Thank you.
